PROFESSIONAL EXPERIENCE

Customer Service Representative

Winston Benefits | Remote | October 2025 – November 2025

- Resolved benefits-related inquiries through high-volume phone support, providing accurate information on plan options, eligibility, and enrollment procedures.

- Guided more than 100 benefits enrollment processes, helping customers understand requirements and complete enrollment steps.
- Managed approximately 50–100 daily customer calls during open enrollment while maintaining accuracy, professionalism, and customer satisfaction.

Education and Program Administrator

Association of the United States Army (AUSA) | Washington, DC | October 2025

- Assisted more than 50 members and visitors with program inquiries, resource navigation, and educational information during an organizational expo.
- Communicated program requirements and procedures clearly, ensuring accurate information delivery and a positive customer experience.
- Distributed educational materials and promotional resources to support outreach, program awareness, and member engagement.

Health Information Technician

Precision Wellness | Washington, DC | September 2023 – April 2024

- Researched and supported the implementation of a technology system to improve workplace productivity and accessibility.
- Recommended Amazon WorkSpaces as a cloud-based technology solution to support access to digital resources in a hybrid work environment.
- Developed and organized a health information database containing more than 100 records to improve information accessibility, accuracy, and data management.
- Provided technical input on biometric integration and database functionality within a mobile application to improve access to health information.

Administrative Coordinator | Administrative Assistant | Program Specialist

National League for Nursing | Washington, DC | January 2021 – February 2023

- Managed and updated member contact information in a database supporting annual surveys, maintaining approximately 60–100 records daily, four days per week.
- Processed and organized survey data for the 2020–2022 NCLEX HBCU initiatives, supporting reporting through accurate data entry, record maintenance, and information management.
- Provided administrative and member support by coordinating documentation, maintaining electronic records, and assisting with data-related projects.

Accounting Clerk
National Postal Mail Handlers Union | Washington, DC | December 2021

- Filed, organized, and sorted accounts payable, accounts receivable, balance statements, and union dues records.
- Organized financial folders and documents alphabetically to support accurate recordkeeping and document retrieval.

Tier 1 Help Desk Technician

DeVry University | Arlington, VA | October 2010 – December 2012

- Provided Tier 1 technical support in a higher education environment, assisting users with application issues, account access, and technical support requests.
- Prioritized and tracked approximately 20–30 daily support incidents based on urgency and user impact.
- Troubleshot technical issues, guided users through resolution steps, and escalated complex incidents to Tier 2 support when necessary.
- Reduced Tier 2 escalations by an estimated 25% through effective troubleshooting, clear user guidance, and first-contact resolution.

Customer Service Representative

George Washington University | Washington, DC | July 2005 – March 2020

- Supported approximately 50–70 daily customer interactions in a high-volume university recreation environment, responding to user requests and service inquiries.
- Explained policies, procedures, scheduling requirements, and program information to faculty, staff, students, and community members.
- Managed equipment distribution and maintained accurate records to support accountability and daily operations.
- Coordinated facility reservations and scheduling using ACTIVE Net POS, ensuring accurate booking information and timely customer assistance.

- Prioritized requests, resolved routine service issues, and communicated clearly with users to maintain efficient operations and customer satisfaction.

EDUCATION & CERTIFICATION

Keller Graduate School of Management

Graduate Certificate in Cybersecurity and Information Assurance | Expected: February 2027

Keller Graduate School of Management

Master of Science in Information Systems Management | Graduated October 2019

DeVry University

Bachelor of Science in Network Communication and Management

TECHNICAL PROJECTS & HANDS-ON EXPERIENCE

Windows Server & Active Directory Home Lab

- Built and configured a Windows Server Active Directory domain environment using VirtualBox.
- Configured Active Directory Domain Services (AD DS), DNS, static IP addressing, and domain connectivity.
- Created organizational units, user accounts, and security groups; practiced password resets and account management.
- Configured Group Policy settings and tested Windows 11 domain-joined client connectivity.

Windows Operating System & Virtualization

- Configured Windows operating systems and virtual machines in a personal home lab environment.
- Practiced operating system installation, configuration, recovery, and troubleshooting.
- Configured virtual network adapters and tested connectivity between virtual machines.

Hardware & Software Troubleshooting

- Performed hardware and software troubleshooting and peripheral configuration on personal devices.
- Practiced system maintenance, storage management, and operating system recovery.
- Documented technical procedures and troubleshooting activities as part of hands-on learning.
